Sent: May 5, 2021 11:15 AM
To: svsunrisebeach@wildwillowenterprises.com
Subject: RE: Shedden Drive Approaches
Attachments: SV of Sunrise Beach - Approach Application.pdf

Lana:

Thanks for the call back yesterday.

As discussed, we have acquired the parcel of land that has Shedden Drive cutting through it and are looking to get access to the property by installing some approaches. Due to the number of wetlands on our property, we are looking at 3 approaches on the south side of Shedden Drive (shown by Green X's) and potentially 2 approaches on the North side of Shedden Drive (shown in purple X's).

I have provided a copy of the completed Approach Application as an attachment to this email.

Sincerely,

Cell

Summer Village of Sunrise Beach Council Policy

Number	Title			
C-ENV-CUL-1	Culvert Policy			
Approval	Originally Approved		Last Revised	
(CAO initials)	Resolution No:		Resolution No:	
	Date:		Date:	

Purpose

To establish the responsibility and size for culverts in the Summer Village. The Summer Village of Sunrise Beach requires proper and adequate drainage throughout the ditching system in the Summer Village. Each residential driveway is required to have a proper culvert installed to aid in the removal of water away from their property.

Policy Statement

The Summer Village of Sunrise Beach recognizes the need to establish a culvert policy as culverts are an integral part of the Summer Village storm sewer system

Responsibility

No person shall obstruct any drainage ditch or impede the flow of water within the Summer Village of Sunrise Beach.

No person shall install any culvert within the Summer Village of Sunrise Beach without authorization of the municipality.

Culverts for new property access are the responsibility of the property owner. Installation must be undertaken by an experienced contractor and authorized.

Culvert Size and Installation

All driveways into residential properties shall have a culvert of 12" (300mm) in diameter and shall be 20' (6m) in length excepting those streets designated as main drainage routes where culvert sizes and lengths are to be determined by the municipality.

Installation must be a at the direction of the Summer Village so as to retain proper grade level and drainage and is to be undertaken by an experienced contractor on behalf of the resident. An approach Installation Application must be completed and is attached as Schedule "A".

Summer Village of Sunrise Beach Council Policy

Policy Notes

Requests for the purchase of culverts, replacement culverts and/or culverts for additional approaches or extensions to existing approaches must be made in writing to Council and will be authorized at Council's discretion.

Requests for the Municipality to cost-share in ditching/drainage work and/or the installation of a culvert must be made in writing to Council and will be authorized at Council's discretion.

Attention: Honourable Kaycee Madu

Dear Honourable Madu:

Re: Letter in support of the RCMP

Please accept this letter as Edson Town Council's support for the Royal Canadian Mounted Police (RCMP) and in opposition of the Provincial Government's recent proposal of an Alberta Police Force.

While the Province suggests that the switch from the RCMP to an Alberta Provincial Police Service (APPS) will not cost municipalities more financially, we do not believe this is realistic. Who will bare the cost of this service? Currently, Edson RCMP operate out of a Federally owned building. Should there be a switch to an APPS, who would assume the cost of a new detachment? Not to mention all of the other infrastructure that would be required to build an APPS. It does not seem feasible that these costs would not end up being borne by the municipality and their residents and that these would not exceed the current costs of providing RCMP services, given the significant investments that would be required and the loss of Federal Funding.

Currently, the RCMP is our largest budgetary item, and this cost only keeps growing as the Provincial Government takes away sources of revenue and downloading additional costs to us. The Province has recently decreased the percentage of revenue from fines that municipalities receive. This money was used by the Town to directly offset the cost of policing. Further, just this year we received a bill from the Provincial Government for the provincial portion of Biology Casework Analysis Agreements expenses. A cost that was not the responsibility of a municipality in the past and was given to us with little to no notice. These cuts and downloads increase costs

14

to our Town by ~\$350,000-\$400,000; equating to a 3.5%-4% tax increase for our residents. Given this, what protections would be in place to ensure municipalities are not continuously charged more under an APPS model? It seems more realistic that it would only be a matter of time before more costs were downloaded to municipalities for operation of the APPS.

We have worked hard as a municipality to build a strong working relationship with our local RCMP Detachment. They are our partners and an integral part of our community. We are happy with the level of service our RCMP provide and their participation within our community.

We strongly encourage the Provincial Government to use the funds dedicated to researching an APPS, towards building stronger relationships with the RCMP and the Federal government to achieve desired outcomes. The Province repeatedly encourages municipalities to work with each other and come up with new and collaborative ways to provide programs and services to our residents in a cost-effective manner. We implore your Government to do the same and work with your Federal counterparts to achieve the Province's goals related to the RCMP and Policing and to emulate the principles in which they ask of municipal governments within the Province.

Yours truly,

TOWN OF EDSON

Honourable Kaycee Madu
Minister of Justice and Solicitor General
424 Legislature Building
10800 – 97 Avenue
Edmonton, AB T5K 2B6

Dear Minister Madu,

Re: Alberta Provincial Police Service Transition Study

On behalf of Town of Didsbury Council, I am writing to advise you of our Council's ongoing support for the Royal Canadian Mounted Police (RCMP) as our province's police force of choice. As well, please know that our Council opposes the creation of an Alberta provincial service to replace the RCMP.

In listening to and reviewing the presentations from the recent AUMA/RMA Policing Summit in February of 2021, the opening presentation by you, our Minister of Justice and Solicitor General, spoke of "citizens demanding democratic, community-based policing, a renewed commitment to improving policing in the province, and the need for police to work with community partners and citizens to ensure effective community policing." Minister Madu, I am pleased to say that our community has democratic, community-based policing, our detachment meets with us regularly as part of their commitment to optimal two-way communication that invites, welcomes, and listens to our input, and our detachment also works with our municipality and our citizens as community partners. Your comment on your "Why Now" PowerPoint slide at the Summit references the "impact of George Floyd's death and public outcry," an American policing situation, "calls to defund the police," which to many means to add funds to social supports in policing situations, and "concerns of systemic racism," an issue our entire country continues to work to address and resolve. We believe there is no support shown that an Alberta police service would solve any of these issues any more effectively than the RCMP.

On your "Reforming Police - What are we doing now" slide presentation, I offer the following observations:

Improve Public Trust in Policing: We believe there is trust in our municipality and that it is not lost and/or diminishing.

Modern Governance Framework: The RCMP presentation by Deputy Commissioner was excellent; the RCMP present an impressive modern governance framework that constantly evolves with changing times, again displayed in our community.

Effective Police Complaints Process for Alberta: We all constantly work on better complaint processes, including the provincial government and our local municipal government here in Didsbury. The RCMP presentation displayed information about (and Didsbury experiences and is part of these) annual performance plans, community/detachment commander relationships, community reporting templates, and community policing advisory committees. We believe that working with the RCMP as the Alberta police force of choice is more likely to succeed than setting up yet another entity who will have to build from scratch, is costing millions to explore, and will cost hundreds of millions more to implement.

Improve relationship with Indigenous Peoples: This is an important and prioritized initiative across our country, not just in our province, and, again, the RCMP are most likely to succeed with the current initiatives they have underway in their system that display their commitment to improving relationships throughout the communities they serve.

Direct consultation with municipalities regarding the creation of an APPS has been limited. PwC's Phases, Activities, and Timelines indicate there have been envisioning workshops and interviews from October 12 through December 18, 2020. Of note our community was not invited to participate (and we have had an RCMP detachment in our town for 25+ years) and, in speaking with colleagues in our region (who have also had RCMP detachments in their towns for many years), I have heard no one indicate they participated in these workshops and interviews. If municipalities who are served by RCMP detachments are excluded from this conversation, valuable information and feedback is left unheard from affected municipalities.

The Policing Transition Study being undertaken by our province is in response to the Fair Deal Panel's (FDP) recommendation #14: Create an APS to replace RCMP. The FDP reported that 68.5% of respondents were from Calgary and Edmonton regions. Calgary and Edmonton have their own police services, which should be considered when studying the transition from the RCMP. Another FDP finding was that only 35% of respondents supported the idea of creating an APS.

Finally, in the Alberta Police Federation survey from October of 2020, it was found that "replacing the RCMP is viewed as a least helpful measure tested to improve Alberta's place in Canada." Only 8% say replacing the RCMP helps a lot, only 6% support replacing the RCMP, 81% of Albertans served by RCMP are satisfied with the service they receive, and 70% of Albertans oppose replacing the RCMP with an expensive new provincial police service.

There is so much convincing support for the RCMP in Alberta, and, with the strong and effective RCMP that serve us so well in Alberta, our Council supports the programs, initiatives, and progress of the RCMP in meeting our community's policing demands. I again reiterate our Council's support for the RCMP remaining as Alberta's police force of choice.

On behalf of Council,

Yours truly,

Rhonda Hunter

Edmonton, AB T5K 2B6

RE: PROPOSED PROVINCIAL POLICE SERVICE

At the last regular meeting of Claresholm Town Council held Monday, May 10, 2021, Council discussed the province's proposed plan to replace the RCMP in Alberta with a provincial police force. The Town of Claresholm has received communication from many other municipalities in Alberta through the Alberta Urban Municipalities Association (AUMA) that are deeply concerned about this proposal, and Council recently met with the National Police Federation who are advocating to keep the RCMP in Alberta.

Municipalities in Alberta continue to be faced with having to provide services and support for our residents while funding streams have been significantly cut. This means that our residents are directly affected financially by choices being made at the provincial level. The Alberta Government has instituted a new police funding model that includes communities under 5,000 such as ours to be charged on an increasing scale for policing that we have never been burdened with directly before. With this being the case, should the municipalities not be in a stronger position to have an impact on decisions that are being made?

The current Alberta Government seems to be very focused on moving towards a greater autonomy away from the federal government and other provinces. Having control over a provincial police force must be very appealing for a government that wants to exert its independence, however the Town of Claresholm is asking your government to reconsider this undertaking and focus on other, more pressing matters instead.

The Town of Claresholm appreciates our local RCMP Detachment and has a good relationship with the members. We feel very comfortable with the service that they provide to our residents. If your government truly cares about Alberta residents, this proposal should not proceed and more focus should be placed on working with the existing police force.

If you have any questions or concerns regarding this issue, please contact the undersigned at your convenience.

Yours truly,

Doug MacPherson
Mayor

RE: County of St. Paul Support for the RCMP

Dear Minister Madu,

The County of St. Paul Council wishes to join the Municipality of Crowsnest Pass, the Town of Morinville, the County of Paintearth No. 18 and the City of Magrath, in expressing our disappointment with the Government of Alberta's unwillingness to accept the results of its own review process and that it seems to be continuing on the path of replacing the RCMP with an Alberta Provincial Police Service (APPS).

Our local RCMP detachment's current level of service and degree of responsiveness, in addition to their community involvement meets our County resident's needs quite suitably. Furthermore, the collaborative nature that our local RCMP encompasses with our County Council by regularly meeting to review performance plans and projects, gives them a positive recognizable presence within our County.

The bureaucratic provisional expenditure that would be required to complete such a change to a Provincial Police is concerning, as the transition costs are inadequately explained, the County worries that operating costs will inevitably rise, resulting in increased costs borne by Municipalities. These additional costs will require additional taxation onto our County residents for us to be able to repay the Province for the Police funding model.

There has been no conclusive proof that an APPS would result in better outcomes, particularly with the expected increase in costs. With our current challenging economic

times, our Council would like to see your government take time to listen to municipal stakeholders as well as the respondents of the Fair Deal Panel's consultations, cancel the transition study, and increase the efforts to work with the RCMP in achieving better outcomes through the Police Act review.

Sincerely,

Steve Upham
Reeve

Subject: Lac Ste. Anne County Office Closed to the Public - effective May 7, 2021 @ 4:30 pm

Good afternoon neighbours!

Please be advised that the Lac Ste. Anne County Administration Office and satellite County offices will close to the public at the end of business on Friday, May 7th, 2021. Our staff has started to transition to work-from-home or remote-work environments. All County services will continue to be delivered as normal at this time. All meetings, including County Council and Administrative/Council Committees, will be facilitated via virtual platforms, wherever possible.

This decision has been made in accordance with heightened provincewide COVID-19 restrictions, and in consideration of public health.

Public messaging to this effect can be found at: <https://www.lsac.ca/index.php/news/87-administration-news/508-county-administration-office-to-close-may-10>

Stay well,

Trista Court

Mike Pashak, President
Association of Summer Villages of Alberta
Box 696
Thorhild AB T0A 3J0
mike.pashak@shaw.ca

Dear Mike Pashak:

Thank you for your letter and attached resolution regarding aquatic invasive species (AIS). I welcome the opportunity to provide the following information.

Alberta's watercraft inspection, decontamination and K-9 programs are examples of several tools the province and our partners use to combat AIS, along with education and monitoring. Since its implementation in 2013, the Environment and Parks' AIS program has consistently proven to be valuable and successful. Each season, department staff intercept watercraft fouled with AIS before they are able to launch in our water bodies.

I understand and share your concern about Eurasian watermilfoil (EWM) prevention. In 2020, the AIS program detected a record-setting 30 boats with invasive mussels attached and 175 boats with attached weeds – one of which was a confirmed case of EWM. Since 2016, the province has confirmed 28 EWM interceptions. Despite COVID-19 restrictions in 2020, I am pleased to share the department successfully operated three watercraft inspection stations and examined 7,276 boats for all types of AIS.

Further, Environment and Parks continues to develop partnerships to combat AIS from a broader, multi-partner perspective, while enhancing our ability to be more responsive to AIS concerns. We also continue working closely with neighbouring provincial and territorial jurisdictions under the Western Canada Invasive Species Agreement. This includes Alberta's closely aligned monitoring and inspections program with British Columbia, which employs a notification system when AIS-fouled watercraft are bound for other provinces or states. Alberta and British Columbia also share a watercraft passport system to streamline inspections between both provinces.

1/2

24

As part of our regional defense, Alberta has pioneered a partnership with the Canada Border Services Agency (CBSA). When the United States' border watercraft inspection stations are not operational (closed or in the off season), CBSA notifies AIS staff of every watercraft entering Alberta, whether it is a houseboat coming from a high-risk lake, a simple kayak on the roof of a car, or brand-new boats being shipped to a local dealership. Staff respond to each of these notifications all over our province, regardless of the time of year, inspecting and/or decontaminating the crafts to ensure they do not pose an AIS risk. The CBSA partnership proved vital this past year under COVID-19 travel restrictions.

In 2021, Environment and Parks will continue to prioritize the fight against AIS by continuing public education and awareness efforts. Changing behaviours through the "clean, drain and dry your gear" program will continue to mitigate the introduction of AIS. Alberta is not planning to reopen watercraft inspection stations along the western border with British Columbia. As British Columbia is closely aligned with the province's program for inspections and monitoring, Alberta will focus on the risk from watercraft coming from the eastern provinces.

Citizen science, monitoring, and education and outreach initiatives continue to be fundamental contributions in Alberta's fight against AIS. For more information, please contact Cindy Sawchuk, AIS Species Operations Lead, in Canmore at 403-308-1274, or at cindy.sawchuk@gov.ab.ca.

Thank you again for writing.

Sincerely,

Jason Nixon

Subject: Gas Tax Fund - Doubling this year

FYI All:

Doubling of the Gas Tax Fund to benefit all municipalities

May 12, 2021

AUMA is pleased with the Government of Canada's decision to double the Gas Tax Fund (GTF) this year as a one-time increase in municipal infrastructure funding. The announcement represents an additional \$2.2 billion for municipalities across Canada and \$244 million for Alberta municipalities.

How is GTF normally allocated?

In Alberta, GTF is allocated to municipalities on a per capita basis except if a municipality's per capita allocation is less than \$50,000, then it will receive a minimum amount of \$50,000, and allocations to summer villages are calculated as a base amount of \$5,000 plus a per capita amount.

When the Gas Tax Fund doubled in 2019, AUMA raised concerns that approximately one-third of Alberta's municipalities, primarily smaller communities, would see zero or little change in their funding due to the structure of the allocation formula. In response, the Government of Alberta treated the 2019 GTF increase as two separate payments, resulting in a doubling of funding for every municipality.

AUMA's past advocacy to pay off for small communities

With this year's GTF increase, AUMA proactively reached out to Alberta Municipal Affairs, who confirmed that they will once again treat the increase as two separate transfers. As a result, small municipalities that normally receive the \$50,000 minimum allocation will receive \$100,000, and all other municipalities will also see their funding double. Some municipalities may even see a slightly larger increase because the 2 per cent indexation of GTF saw Alberta's 2021-22 GTF amount increase by \$11 million over the 2020-21 year.

AUMA appreciates the increased investment from the Government of Canada as well as the support of Alberta Municipal Affairs to ensure funding formulas are adjusted when necessary, to meet the needs of all municipalities.

Subject: AUMA Villages West Update

Hello Villages West Mayors, Councillors, and CAOs,

I hope that everyone is doing well and staying healthy and safe. Like most, I have been keeping very busy doing regular council and AUMA work while supporting my community as we navigate the unusual times that we are in. I would like to update you on some of the work that we are doing to advocate for Alberta's municipalities.

Local Government Fiscal Framework (LGFF)

As you are aware, AUMA has consistently advocated for a predictable, sustainable funding model that is enshrined in legislation. Owing to this, we were disappointed that the GoA reduced MSI funding to municipalities over three years and postponed the implementation of the LGFF. Based on a Request for Decision (RFD) submitted by the Village of Forestburg at our MLC, the AUMA will be advocating for an increase to the base LGFF funding amount, the removal of the 50% growth restriction, as well as to have LGFF implemented in the 2023/2024 fiscal year.

Bill 52 - Recall Act

The province has passed the Recall Act, Bill 52, which includes recall for Municipal Elected Officials. AUMA was not consulted before the bill was tabled in the legislature. To successfully recall a mayor or councillor, a valid petition signed by eligible voters in a number that is equal to at least 40% of the municipalities population must be submitted to the CAO. If the CAO deems the petition valid, the councillor/mayor is automatically removed, without a vote.

While the thresholds for recall are too high for them to be reasonably met in many municipalities, that is not true for small communities, where in some cases fewer than 50 signatures will be needed to remove a councillor from office. The process becomes even more convoluted and confusing for Summer Villages. With so few signatures needed, I feel that this legislation has the potential to cause governance and viability issues for small communities. AUMA is advocating that the recall threshold be set at 60% for small communities, instead of 40%. We also have concerns with the CAOs role in the process. Given that the CAO is the only employee of council, we feel that having them validate a petition that would remove a sitting councillor from office is a conflict of interest. Compounding this is the fact that a CAO, if they lived in the community, could actually initiate and then validate their own petition. We are recommending that any petitions be validated by a neutral third party. We are also concerned about the financial burden that this could place on municipalities.

Future of Municipal Government Project

Work is moving along nicely on our Future of Municipal Government project. In case you are not aware, the project is meant to ensure that municipalities remain in the drivers seat when it comes to any future changes to municipal government. What we do not want to see is top down solutions being imposed on Alberta's Municipalities, as we have seen in other jurisdictions. We have partnered with the University of Calgary's School of Public Policy to complete the project which will explore and assess options for government structures that will enable municipalities to build thriving communities into the future. We have chosen to partner with the School of Public Policy to keep the board from influencing the project and to ensure an unbiased approach. The project includes 2 phases of deliverables;

1. The initial deliverables are research papers on various aspects of municipal government and will be led by the School of Public Policy (SPP).
2. The results of these papers will inform the ultimate deliverable, which is a principle-based recommendations paper outlining options that will work in the Alberta context. While the School of

Public policy will play a supporting role in the final recommendations paper, AUMA and our members will lead the formulations of the recommendations.

Federal Gas Tax

I am happy that the federal government will be doubling the Gas Tax that Municipalities receive this year. Much like the last time this happened, AUMA wants to make sure that villages like ours also see a true doubling of the grant and has advocated for the increase to include a doubling of the base amount. To my understanding this will be happening.

Household Hazardous Waste (HHW)

With the impending closure of the Swan Hills Facility, changes have been made by Infrastructure Alberta to the HHW funding structure. Unfortunately, the changes will see costs downloaded onto municipalities and waste commissions. AUMA is working on figuring out the extent of changes and how they will impact municipalities. If you are impacted by this change, please reach out to me and we can chat about the impact that it will have for you so that I can get a better understanding on how we might advocate on this.

Economic Resiliency and Recovery Task Force

This task force has completed its' mandate and submitted its' final report which has been accepted by the Board. The report includes some fantastic recommendations that the board will work on implementing, including the formation of a new standing committee focusing on municipalities and economic development. The full report can be viewed [HERE](#).

Upcoming Events

- May 19 @ 9am; RhPAP is hosting Coffee with Verna Yui, President and CEO of AHS. Register at <https://www.eventbrite.ca/e/coffee-with-dr-verna-yiu-registration-148049617391>

There is so much more that I could include in here, but I will leave that for another day. As always please let give me a call, text, or email, if you want to talk more about the work that I, or the AUMA, am doing, or if you just want to chat about what is happening in your community. I truly enjoy hearing from you.

Sincerely,

Angela Duncan

Honorable Tyler Shandro
Minister of Health
Office of the Minister of Health
423 Legislature Building
10800 – 97 Avenue
Edmonton, AB
T5K 2B6

Dear Minister,

Re: Rural Alberta Vaccine Provision

Minister Shandro, COVID 19, has shown no geographic limitations, nor boundaries. Rural Alberta has been affected by the pandemic on the same levels as our major urban centres, if not, in some cases worse. Rural Alberta sees the population consisting of people from the very young to those being our most vulnerable and many of these being seniors.

Living in rural Alberta provides many opportunities that our urban centres can not provide, such as, tranquility, a quieter way of life and the comfort in knowing your neighbors and surroundings. However, a large challenge has presented itself, most recently in the way of vaccine provision. Tofield has been fortunate in vaccine provision, however, continues to run out. The provision of Moderna would be ideal, as our Pharmacists have identified this as the "perfect rural vaccine" this is based upon shelf life, storage, and the ability to have these vaccines administered. However, even with this, we still have well over 400 citizens on the wait list for this vaccine.

The other conflict is administering these injections to our seniors, vulnerable, disadvantaged, and incapacitated. These people often do not have the means to access the vaccine. These people can not access services in the larger centres which have been able to secure the bulk of vaccines. Minister, frankly, this is wrong as well as very concerning that not all Albertans are provided the same opportunity. It is not easy having these vaccines available in major urban centres and expecting these people to find a way to access this service.

Many rural Alberta communities have yet to receive a single dose of vaccine. How do these people obtain a very necessary service? Please take into consideration what has just been provided, Tofield and other rural communities can not administer vaccine to those in their communities due to shortages, as

30

Honorable Tyler Shando
Minister of Health
Page 2

well as transportation issues, how then can communities without vaccine possibly have their citizens looked after?

With several rural towns, villages and counties being commuter communities for the purposes of work, providing essential services and people traveling to and from these communities from urban centres to get to their places of employment (E.g. Ft. MacMurray, Wainwright, Calgary, etc.)

A person would think that getting vaccines out to these areas would be considered an important resource in the effort to bend the curve. Everyone in Alberta is affected by the pandemic and everyone should be protected.

Minister Shandro, we understand the challenges that COVID has provided to your Ministry, your Government and Alberta. We understand that there are issues with supply of vaccine, however there must be a better solution for distributing a portion of what supply there is to rural Albertans. Minister, this is a plea to help those not in the urban centres. Rural Alberta is the lifeblood of our Province and can not be forgotten. Minister, we need a strategy, we need a metric to act within and we need results.

Sincerely,

Mr. Damien C. Kurek
Member of Parliament
Battle River – Crowfoot
4945 50th Street
Camrose, AB
T4V.1P9

Dear Mr. Kurek,

Re: Rural Alberta Vaccine Provision

MP Kurek, COVID 19, has shown no geographic limitations, nor boundaries throughout Canada and the world. Rural Alberta has been affected by the pandemic on a different level than our major urban centres, if not, in some cases worse. And these scenarios continue to worsen by the day. Rural Alberta sees the population consisting of people from the very young to those being our most vulnerable and many of these being seniors.

Living in rural Alberta provides many opportunities that our urban centres can not provide, such as, tranquility, a quieter way of life and the comfort in knowing your neighbors and surroundings. However, a large challenge has presented itself, most recently in the way of vaccine provision. Tofield has been fortunate in vaccine provision, however, continues to run out. The provision of Moderna would be ideal, as our Pharmacists have identified this as the "perfect rural vaccine" this is based upon shelf life, storage, and the ability to have these vaccines administered. However, even with this, we still have well over 400 citizens on the wait list for this vaccine. This number in the Tofield area alone is widespread and deeply felt.

The other conflict is administering these injections to our seniors, vulnerable, disadvantaged, and incapacitated. These people often do not have the means to access the vaccine. These people can not access services in the larger centres which have been able to secure the bulk of vaccines. MP Kurek, frankly, this is wrong as well as very concerning that not all Albertans are provided the same opportunity. It is not easy having these vaccines available in major urban centres and expecting these people to find a way to access this service.
